Wroking Hard For You

NEW & NOTEWORTHY

We've got you covered. As part of the core philosophy here at Gorman Company, we take pride in that commitment to our clients. Our team lives within the territories we serve - we are citizens of the community, and strive to provide a superior level of service that is unmatched in the industry. To help ensure we deliver on our promise, we continue to expand the sales team; please help us welcome the two newest team members to the Gorman Company family.

Joe Munoz

Primary Territories:
El Paso & New Mexico

Industry Experience:
16 Years

Joe brings a wealth of experience to his role along with a clear passion for his profession. While earning his BS in Electrical and Computer Engineering at the University of Texas at El Paso, he worked as a draftsman at a top-ranked structural engineering firm. Post graduation, Joe worked for a decade at El Paso Electric; 8 years as a Distribution Engineer, and 2 years as Construction Scheduler where he managed scheduling for more than 30 crews.

Fun Facts:
As a first generation El Pasoan and proud father of five, Joe enjoys spending quality time with his family and supporting his daughters' volleyball endeavors. Joe also enjoys camping, boating, water tubing, and the great outdoors

Adam Polson

Primary Territories:
Arizona & Nevada

Industry Experience:
11 Years

Originally from St. Louis, MO, Adam attended Arizona State University on a full-ride scholarship where he earned his BS in Electrical Engineering. Before joining the Gorman team, Adam worked for Arizona Public Service rotating through their New Engineers in Operation/Generation program, and served as a key team member of the APS Power System Support Engineering Team.

Adam has a broad understanding of Relays, Protection, Controls, Batteries, Breakers, and Motor Controls.

Fun Facts:
Adam enjoys traveling abroad, cooking, card games, and participating in community events.

IN THE COMMUNITY

Whether we are collaborating and providing training programs, sponsoring relationship-building activities, or attending industry conferences and events, the team at Gorman Company is proud to support our partners in a variety of ways.

WESCO OPEN HOUSE

Mike and Casey were able to participate in the WESCO Open House. It was a great opportunity to see customers and promote our manufacturers.

TUCSON ELECTRIC POWER BBQ

Gorman Company was excited to be part of the Tucson Electric Power BBQ event! Along with some incredible food, we were able to engage with the TEP engineers and linemen one-on-one creating very enjoyable and productive conversations.

TRAINING SEMINARS

UNDERGROUND CABLE PREPARATION

Our customers always appreciate training opportunities! With the assistance of Border States in Tucson, we spent a day educating our customer's linemen on Best Practices for Preparing Underground Cable.

WILDLIFE PROTECTION: OVERHEAD COVERS

The importance of complying with US Environmental regulations on protecting birds of prey cannot be stressed enough. Training our customers on the best way to cover their overhead system helps ensure they meet government requirements.

IN THE COMMUNITY - cont'd

MCWANE TRAINING: GILA RIVER UTILITY

Never make assumptions! When it comes to new products, Gorman Company works hard to ensure that our customer receives proper introduction, information, and training.

IEEE T&D CONFERENCE

This year's IEEE show was a BIG success! It was a great opportunity to meet our customers at our manufacture's booths; a lot was accomplished in a short couple of days.

TECHLINE EL PASO GOLF EVENT

Four! Giving back is an important part of who we are, and Gorman Company was proud to sponsor and participant in the 2024 Techline Charity Golf Tournament.

Gorman Co: Your local partner, working hard for you.

We believe that having an active role in the territories we service is vital to obtaining first-hand knowledge and understanding of any unique challenges and opportunities. Our sales representatives are citizens of the community, living and working directly within the areas in which they serve.
