TEAM MEMBER SPOTLIGHT

RON KIRKER

Las Vegas

We are excited to share with you that Ron Kirker has joined the Gorman Company team. As a resident of Las Vegas, Ron's physical presence in the market further enhances our commitment to have our sales representatives live and work in the territories that they serve. That's part of the Gorman difference… we've got you covered. Welcome aboard, Ron!

Ron Kirker is an Electrical Engineer with over 35 years of experience in the Electric Utility Engineering and Power Industry Trades. Ron is a registered Senior IEEE-PES member, a licensed Professional Engineer, and a subject matter expert published in T&D World magazine. He has worked in the power electric equipment industry in manufacturing, distribution, and product representation. He has also worked as a utility engineer for SDG&E, NIPSCO, and NV Energy in Standards, Distribution Planning, Integrated Grid Planning, and Utility Training.

Ron is presently working for the Gorman Company providing sales and technical support as their Technical Sales Director in Nevada. His personal interests include playing drums while providing lead vocals for his band, the Cold Cut Trio Band. Going to a Vegas Golden Knights Hockey game or playing in the World Series of Poker. Traveling and cruising with his wife Shannon, and swimming at their house in Las Vegas.

Wishing you a safe and happy holiday season; from our family to yours!

IN THE FIELD

Whether we are collaborating and providing training programs, sponsoring relationship-building activities, or attending industry conferences and events, the team at Gorman Company is proud to support our partners in a variety of ways.

While most manufacture representative firms rely on a sales team typically located out of state, at Gorman Company we believe that having an active role in the territories we service is vital. Our sales representatives are citizens of the community, **living and working directly within the areas in which they serve.**

JUST FOR FUN!
